## Company Policy

**ATTENTION:** You'll get attentive, informed, person to person service whether you're placing an order or making an inquiry. Our customer service representatives will serve you promptly, efficiently and courteously. We stand firmly behind the Ocelco name.

**TERMS:** Our terms are **NET 45 DAYS, 2% discount if paid within 30 days** (excluding Credit Card payments & freight is NOT discountable) on all new and current accounts. Payment In Advance if not current. Payments become due 45 days after the invoice date, if the order is complete or not. Shipments will be held if an account contains invoices over 45 days past due. The account will go on permanent Payment In Advance when there is a history of past dues. All items sold on open accounts are secured items until paid in full. Third party collection fees and legal fees must be paid in full before an account can be reopened.

\$30.00 NSF Fee will be charged on all returned checks

**FREIGHT:** Freight will be prepaid and added to your invoice. Freight charges are part of your invoice and are due accordingly. Freight charges are not discountable.

**PROOF OF DELIVERY:** Ocelco will provide proof of delivery at your request. The fee for proof of delivery is \$15 if the customer received the package, no charge if it was lost in delivery. Be absolutely sure you did not receive the package before calling for proof of delivery.

**PRICES:** All prices are subject to change without notice. Prices reflect single unit cost, except where noted, no quantity discounts allowed. In the past, 95% of our prices remained in effect for more than one year. However, there may be price changes in accordance with our suppliers.

**MINIMUM ORDER:** No Order is too small.

**RETURNS:** No item will be accepted for return after 15 days from date of purchase. All returns must be labeled with a return authorization number which can be obtained from our customer service department. Claims for shortage, breakage or any other reason must be made within 48 hours of receipt. Shipping containers must be kept if shipment is damaged or short. All returns are subject up to a **35% restocking fee**. The customer is responsible for all freight charges incurred.

**CANCELLATION CHARGES:** Orders may be canceled without charge providing your request is received prior to shipment. If the merchandise has been shipped there will be up to **35% restocking fee**, plus all freight charges incurred. Please get cancellation conformation to avoid these charges.

**OTHER ORDER INFORMATION:** We reserve the right to split shipments. We sell on first come first serve basis. Where available, substitutions will be shipped if the product ordered is not available or discontinued.

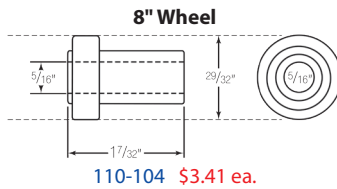

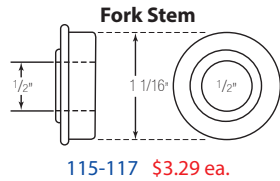

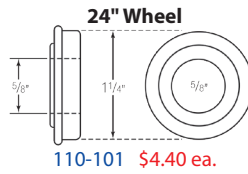

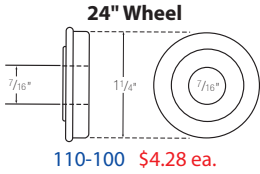

**We accept:**

**and Purchase Orders**

**Tel:** 1-800-328-5343 **Fax:** 1-866-829-9744

We're here to help, please do not hesitate to call us so we can make your special request for you.

Remember "We're The Friendly People"

# Upholstery

## IMPORTANT MEASURING INFORMATION

- 1) Always measure from center of hole to center of hole
- 2) When measuring holes on the back, measure from the top of the back to the bottom of the back.
- 3) When measuring holes on the seat, measure from the front of the seat to the back of the seat.
- 4) When measuring the width of the back upholstery, measure the width at the top of the back and the bottom of the back. Some chairs have backs that flare, smaller at the bottom and larger at the top.

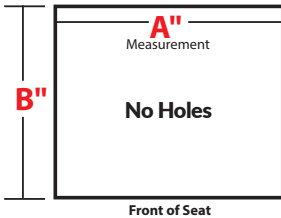

### ADDITIONAL INFORMATION

Please fill in a color code where you see "CL" in the part number.

Color codes can be found in the middle of this page, color swatches may be found inside the back cover. Ocelco Inc. has designed a ruler set **SKU: 510-127** that will help you measure your upholstery quickly and accurately. Our customer service department is ready to help you with your upholstery questions.

**Call us at 1-800-328-5343.**

## MRI Non-Magnetic Axles for MRI Wheelchairs

### Axle and Nut for 8" Front Wheel

fits MRI Wheelchairs

Axle Size: 5/16" x 3-3/4" Long

164-490 \$29.04 ea.

### Axle and Nut for 24" Rear Wheel

Axle Size: 7/16" x 5" Long

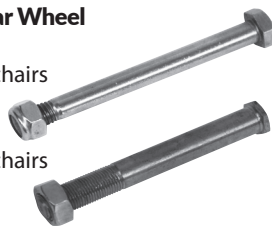

fits 18" to 20" MRI Wheelchairs

164-491 \$59.34 ea.

Axle Size: 5/8" x 5" Long

fits 22" to 26" MRI Wheelchairs

164-492 \$143.53 ea.

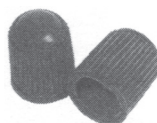

## 24", 22" & 8" Vice Tire Setter

This tool makes it easy to put on Snap-On Tires that almost seem impossible to put on by hand.

510-102 \$63.47

## Valve Caps

Plastic

510-151

\$.67 ea.

## Rim Strips

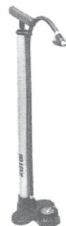

Simple to use, rim strips stretch to securely fit around your rims and protect your tubes from spoke heads.

### Rim Strip

20"	163-122	\$1.62 ea.
20" x 2-1/8"	163-124	\$1.62 ea.
22"	163-123	\$1.62 ea.
24"	163-100	\$1.39 ea.
24" x 3/4"	163-001	\$1.39 ea.

## Air Pump with Gauge

510-150

Disc.

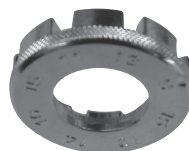

## Lever Bar

Slotted head slides easily along rim

510-149 \$19.46 ea.

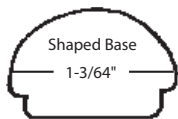

## Spoke Wrench

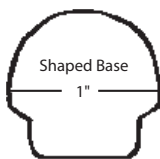

Universal to fit most spoke sizes.

510-100 \$6.80 ea.

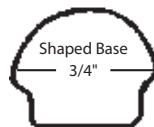

## Everest & Jennings

162-101 24" Snap on tire  
Disc.  
162-201 22" Snap on tire  
Disc.

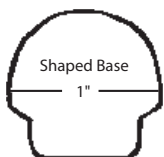

162-103 24" Snap on tire

Light Weight  
162-108 24" Snap on tire  
Disc.

## Smith & Davis

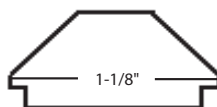

162-203 22" Snap on tire  
Disc.

## 8" Snap-On-Tire

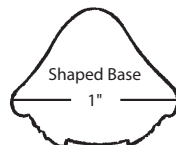

Fits: Most Chairs  
162-109 8" Snap on tire  
Disc.

## Invacare

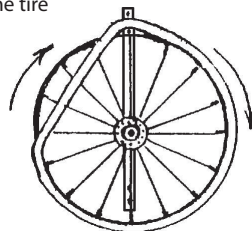

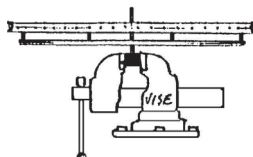

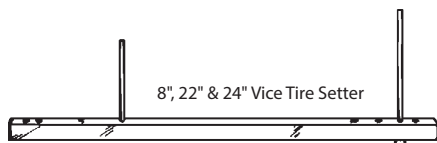

Invacare Low Profile DTM Tire,  
Black  
162-116 20" Snap-On-Tire Disc.  
162-115 22" Snap-On-Tire Disc.  
162-111 24" Snap-On-Tire Disc.

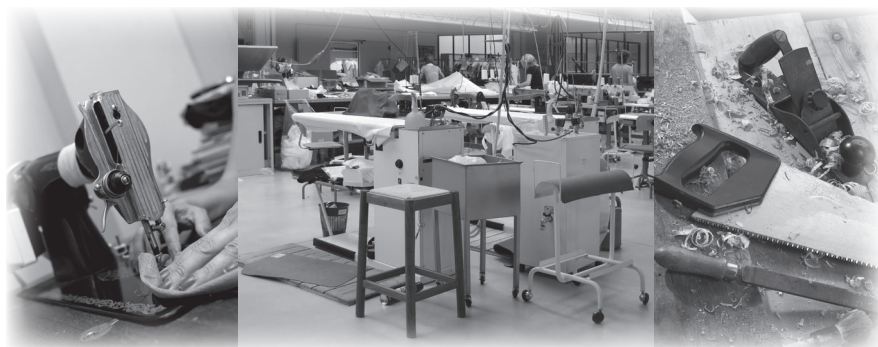

DTM Tire  
162-110  
24" Snap on tire  
\$28.22

## Snap-On-Tire Tool Easy To Use

One stem will go through the center bearing of the wheel. The wheel will spin on this stem. The bearing fit will not necessarily be a tight fit on the stem. The stem is only used to rotate the wheel. The other stem will go between the wheel and the tire being mounted. This stem will draw the tire onto the wheel with ease while rotating the wheel.

510-102  
\$63.47

**Can't find what you're looking for?  
Let us make it for you!**

Ocelco has its own in house Wood Shop and Custom Upholstery Shop. Let us know what you need and we will make it for you. # O2 Concepts Oxlife Oxygen Concentrators

Patented EnergySmart® technology

## Oxlife Independence Oxygen Concentrator

**SKU: 207-001-BA**

**Price: \$2,105.26**

Oxlife Independence® Oxygen Concentrators take POC performance to the next level. With patented EnergySmart® technology, it boasts the longest battery life in class and delivers over three times the flow of the leading POC.

**Benefits:**

- Best battery life in class
- Continuous flow up to 3.0 LPM for safe sleep
- With DNA Technology, Oxlife Independence is the world's first smart POC

## Oxlife Freedom Portable Oxygen Concentrator

**SKU: 207-002**

**Price: \$1,375.00**

Oxlife Freedom® Portable Oxygen Concentrators deliver a smaller 5lb device built on the technology and reliability of the Independence. With patented Energy Smart Technology®, it boasts long battery life and delivers the same robust pulse oxygen dosage as the Independence.

**Benefits:**

- Large LCD screen with simple control display
- Smart Battery with long life and quick recharge life
- Pulse flow settings of 1 - 5

**Accessory Bag**

**SKU: 207-005**

## ROHO Positioning and Therapeutic Seating System Products

For individuals who require special positioning of the pelvis or thighs and risk of skin breakdown, the Quadtro, with 4" cell height and air in place progressive positioning is the cushion of choice. The Quadtro cushion with the Isoflap valve open, provides the same therapeutic valve as a single compartment high profile cushion.

**Quadtro Cushion** Choose Size (WxD)

707-501-SZ \$458.15 ea.

With 4" cells, the High Profile is the cushion of choice for individuals who suffer from ischemic ulcers (pressure sores) or who have a history of tissue breakdown. It utilizes a multi-cellular, air-filled design allowing adjustment to the unique contours of the individual user.

**High Profile (Single Valve)** Choose Size (WxD)

707-506-SZ \$458.15 ea.

The Low Profile single compartment cushion with 2" cells offers active users protection against skin breakdown. 2" interconnected air cells maximize stability of the user while protecting from a potential risk of tissue break down. Lightweight and portable, this cushion is ideal for the active individual.

**Low Profile (Single Valve)** Choose Size (WxD)

707-507-SZ \$438.10 ea.

The contoured design combined with the simple operation of the ISOFLO® Memory Control Unit provides a new level of postural control and stability that has never been achieved in an air cushion. The contoured design positions the pelvis back in the wheelchair, and centers the user comfortably in the middle of cushion. The ISOFLO® Memory Control Unit locks air into each of the four compartments, providing stability by minimizing side-to-side and front to back motion.

**Contour Select** Choose Size (WxD)

707-509-SZ \$410.15 ea.

The ENHANCER cushion uses AIR IN PLACE positioning in a uniquely designed two-manifold system for enhanced midline channeling of the femurs, lateral stability and tissue protection.

**Enhancer Cushion** Choose Size (WxD)

707-510-SZ \$428.96 ea.

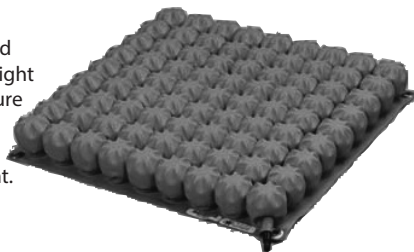

## Star Cushions

Therapeutic air-flow system providing added stability, positioning and state-of-the-art pressure management.

The Short Contour Cushion (2" cell height) is recommended for the active individual that can perform independent weight shifts, or for those individuals who are at low risk for pressure ulcers. The Short Contour is the perfect cushion for sports enthusiasts as well, providing the ideal seating surface for your everyday chair, sports chair or other sports equipment.

**Short Contour** Choose Size (WxD)

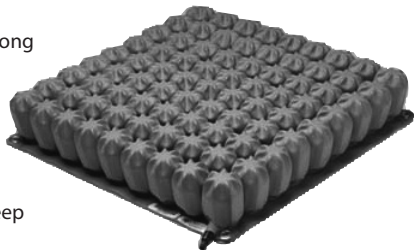

707-282-SZ \$295.52 ea.

The Mid Contour Cushion (3" cell height) is recommended for individuals who require a cell height that provides a high level of tissue protection and treatment while offering greater ease in transfers in and out of the cushion. The Mid Contour cell height has proven to be ideal for the pediatric client, providing deep immersion for high levels of tissue protection and treatment along with a lower cell height for the pediatric frame.

**Mid Contour** Choose Size (WxD)

707-283-SZ \$295.52 ea.

The Standard Contour Cushion (4" cell height) is Star Cushion Products premier cushion for the prevention and treatment of pressure ulcers. Flexible, interconnected 4" air cells allow for deep immersion into the cushion providing constant low pressures across the contact seating surface. In addition, the cells move and shape to the contact area providing a low shear, low friction surface ideal for the prevention and healing of up to and including a Stage IV pressure ulcer.

**Standard Contour** Choose Size (WxD)

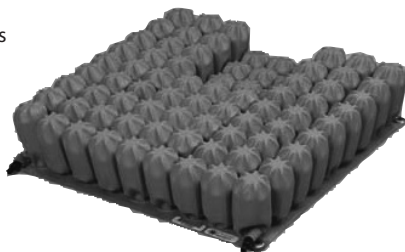

707-284-SZ \$288.06 ea.

The CXR Cushion is designed to minimize coccyx pressures through a combination of 2" Cells under the coccyx area, and 4" cells throughout the remaining cushion surface. The dual valve configuration allows you to adjust both the 4" and 2" cells separately achieving individualized immersion, and ultimately constant low sitting pressures. The 2" cells allow for immersion while also providing added relief and protection under the coccyx area. 16 standard configurations address specific individualized seating needs. Ideal for the individual who has, or is at risk for the development of pressure ulcers.

**CRX with Coccyx Area** Choose Size (WxD)

707-281-SZ \$343.28 ea.

**Isolated 2" High Air Cells  
Minimize Coccyx Pressure**

## Starlock Cushion

The Starlock cushion is designed to provide continuous support by submersing the user into a cushion of multiple air-filled cells, maneuvering to a desired position then "locking" the vital posture. Cushion personalization is taken to a new level through Starlock's patented technology called "lockpockets". This unique patent pending cushion enables varying degrees of air-flow communication between cells, and can be utilized with or without enabling the "lockpockets".

**2" Cell Height, Single Valve** Choose Size (WxD)

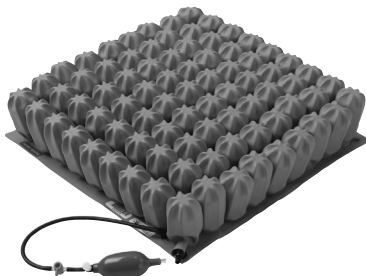

707-285-SZ \$319.40 ea.

**3" Cell Height, Single Valve** Choose Size (WxD)

707-286-SZ \$319.40 ea.

**4" Cell Height, Single Valve** Choose Size (WxD)

707-287-SZ \$326.87 ea.

## Ring Cushion

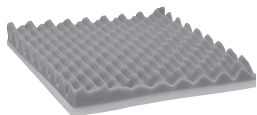

**16" Inflatable Vinyl Ring**  
20 gauge heavy-duty vinyl.  
Unique Roberts valve for easy inflation.  
**Vinyl Ring** 206-900 \$12.18 ea.

**Inflatable Rubber Ring**  
Top quality rubber.  
Special valve designed for easy inflation.  
**Rubber Ring** 206-901 \$25.71 ea.

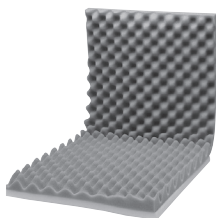

## Wheelchair Pad

Provides soft support and pressure relief.  
Prevents sliding which promotes correct positioning.

**Wheelchair Pad**  
2" (standard) 206-519 \$13.73 ea.  
3" 206-520 \$17.55 ea.

## Wheelchair Cushion with Back Support

## PVC Shower/Commode Chairs

### Features:

- Deluxe elongated extra heavy-duty contoured open front seat.
- All casters and backs are double wall reinforced with schedule 40, 1" PVC.
- Aesthetically pleasing, with curved arms (no sharp edges).
- Anti-slip safety hand grips (Arm Section).
- Fast drying and removable mesh back.
- Personal pouch/pocket.
- All models fit over standard height toilet seats.
- Structurally designed with 30% more security (with four stainless steel bolts on commode seat).
- All casters have threaded stem for extra security and safety, casters will not fall or pull out with normal use.
- Chairs shipped Royal Blue unless otherwise specified.

### CUSTOM SIZE

Custom Sizes and configurations are available upon request. Most Chairs can be built to your specifications.

## Foldable Seated Knee Scooter

Foldable Seated Knee Scooters are proven, durable mobility aid that provides maximum mobility for a full range of foot, ankle, knee, and leg injuries. This scooter keeps the injured leg cradled and elevated which hastens recovery by keeping the injured area from bearing any weight without sacrificing any mobility. A perfect alternative to those who cannot use a traditional knee scooter.

### Features:

- A firm, yet soft foam calf pad that can be attached to either side accommodate and elevate the injured leg.
- Adjustable handlebar and seat height allow you to cruise in optimal comfort.
- Dual handle-mounted lockable brakes are able to bring the R270 to a complete stop.
- Premium thickly padded seat reduces strain and fatigue from extended use.
- Easily folds for quick storage and transportation.
- A free attachable wire basket is included to have hands free access to your daily necessities.
- 300 lb. Weight Limit

### Color Choice

- Blue 240-189-69 \$231.34 ea.
- Red 240-189-20 \$231.34 ea.

## Knee Walker

Knee Walkers make relying on upper body strength to achieve uncomfortable results with crutches a problem of the past. This knee scooter is ideal for individuals recovering from foot surgery, breaks, sprains, amputations, ulcers, or other lower leg and foot related injuries.

### Features:

- Contoured, soft padded knee platform keeps the injured leg from bearing any weight.
- Adjustable knee platform and handlebar height.
- Dual handle-mounted lockable brakes to control your speed and switch into parking mode.
- Easy to fold and store for simpler transportation.
- Tucked in rear wheels to eliminate the chance of colliding with during use.
- 300 lb. Weight Limit

240-187 \$164.44 ea.

## Bariatric Knee Walker

### Features:

- Weight Capacity of up to 500 lbs.
- Fixed steering to ensure the user does not tip over from awkward turns.
- Adjustable rear wheels to accommodate either leg and prevent collision during use.
- A lockable brake crowns the top of the handlebar offering control and a parking mode.
- Folds down flat easily allowing for effortless transportation and storage

240-190 \$246.27 ea.

## Compact Blood Pressure Reader

Compact Blood Pressure Readers portable compact design provides cordless on the go use, the automatic BP monitor comes with sturdy carrying case for safe travel and storage.

### Specifications:

- Battery powered mode: requires three AAA batteries (included)
- Micro-USB power cable (not included)
- Length: 4"
- Width: 4"
- Height: 1.6"
- Arm cuff fit most arms ranging from 8.66" - 16.5"

### Measurements:

- Systolic blood pressure
- Diastolic blood pressure
- Pulse rate (in beats per minute)

### Display:

- Digital blue LCD display
- Low battery indicator

264-538 \$48.02 ea.

### Features:

- Compact portable design
- Quick, accurate readings
- Bright, easy to read LCD display
- Two user capability with 180 measurement memory
- Flexible fit arm cuff most adult arm sizes

## Drive Medical 12" Suction Cup Grab Bar

### Features:

- Indicator "safe secure" suction or "re-affix" suction
- Large suction cups provide an extremely strong hold
- Will not damage property

220-328 \$29.13 ea.

## Standard Utility Tips

These tips can be used on many different items such as Walkers, Canes, Crutches, Quads, Commodes, and many other items.

### Features:

- Fits 7/8" Tube
- Set of 4

- Black 250-217 \$4.18 set

## ChoiceMMed C29C Pulse Oximeter

### Features:

- Measures Oxygen Levels
- Measures Pulse Rate
- Carrying Case Included

## Safety Belts

Made with long wearing web materials. Choose between a simple two piece belt with velcro buckle, plastic buckle or auto buckle. Equipped with your choice of ends to attach to wheelchair, axle mount or beneath upholstery screws. The belts come in three standard sizes, special sizes are available upon request. Specify color of webbing when ordering your belts.

**Note:** Length of belt includes 18" for back of wheelchair.  
**Example:** Actual length of 60" belt is only 42".

## Heavy Duty Pill Crusher

The Ocelco Die-Cast Metal Pill Crusher easily reduces pills to powder, strong enough for institutional use, perfect for hospitals, nursing home, and pharmacies.

### Features:

- Easily reduces pills to powder.
- Strong enough for institutional use.
- Can be mounted to med-carts, table tops, etc. with mounting base.
- Rubber base pads reduce reverberation between crusher and surface.
- Nylon washers reduce reverberation between the handle and the base.

## New Changes mean a 50% Quieter Pill Crusher!

<b>Metal Pill Crusher</b>	104-233	\$76.43 ea.
3/4 oz. Souffle Cups, 1000 ct	104-246	\$19.59 ea.
3/4 oz. Souffle Cups, 5000 ct	104-245	\$84.31 ea.

**Rubber Base Pads** reduce reverberation between Pill Crusher and Table Surface

**Nylon Washers** reduce reverberation between the Handle and Base

Place pills in paper cup, then place inside crusher.

Cover with second cup to prevent cross contamination.

Squeeze handles with only enough pressure to break the pill. Move the handle up and down lightly while rotating the cups.

Remove cups. Now you are ready for next use.

## Hand-Held Pillcrusher

The Hand-held Pillcrusher has a die-cast body with an enamel finish. The unique handle design makes the crushing process effortless. Pills are crushed in patented bags. Each crusher is sold with 50 bags.

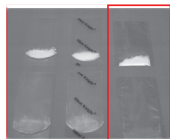

Uses 2 1/2" X 2" Sani-Safe Crush Bags

<b>Hand Held Pill Crusher</b>	104-696	\$20.76 ea.
-------------------------------	---------	-------------

**Pill Crushing Bags 2 1/2" X 2"**  
Roll of 100 104-656 \$6.41 ea.

**Pill Crushing Bags 4" X 2"**  
Roll of 100 104-661 \$6.41 ea.

### Ocelco's Pill Crushing Bags

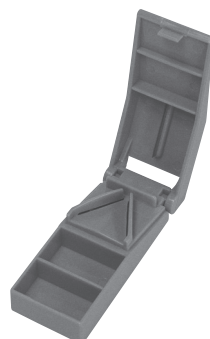

Lower Medicine Retention than any other pill crushing bag, giving you the entire pill you've crushed.
